24<sup>th</sup> February 2026

Dear Parents & Carers,

As part of our World Book Week events, we are very excited to share with you that we are being joined by multi-award-winning author - Frank Cottrell-Boyce. He is well known for his debut novel "Millions" (2004) which won the Carnegie Medal as well as many other books including Chitty Chitty Bang Bang Flies Again, Cosmic, Framed and more.

Frank will be visiting our school where he will be talking about his new book 'The Blockbusters!' - he will also complete a reading of an extract from his new story too. He will share with the children how he comes up with his ideas for his award-winning stories and about his writing processes. Children will have an opportunity to ask Frank questions too!

We have secured a pre-order deal where parents and carers can purchase his book for £5.00 (discounted from £7.99). If you pre-order this book, your child will receive a copy which will be signed by Frank when he visits our school.

This book is now available to purchase as a pre-order via the school's Arbor shop on your school Arbor app. If you are unable to access your Arbor account, please contact the school office who will re-set your password to enable access.

Yours sincerely

*C. Worthington - Jones*
