20<sup>TH</sup> APRIL - 24<sup>TH</sup> APRIL 2026

Dear Parents and Carers,

This week our assembly focus was on collaborative working. The story was the Enormous Turnip. The family worked together to get the Turnip out of the ground and without that teamwork and determination they would never have achieved their goal. This is something we wish all our children to develop throughout their time in our school.

This week there hasn't been any trips or visits to tell you about, so it is a good time to share with you the finding from a book look that took place this week. Our focus was on handwriting and the level of progress that the children were making. It was lovely to see that the children have been ensuring that over time they respond to the teacher's feedback and have made improvements in their handwriting. This has also highlighted the improvements in the presentation of the children's work.

As a leadership team we constantly look at the children's books to see how we can help the children to make better progress and to ensure that the children's learning is at the expected level and if it is not then the teachers and senior leaders meet to discuss what can be done to support them. If you as parents wish to know more about any part of the curriculum, please use the school website to see exactly what your child should be learning in each subject.

This week's whole school attendance figure is 92.85%. This is a decrease from last week which is so disappointing. I hope that this will improve next week and that children are in school, on time, every day. Please ensure that you check the school's term dates before booking any holidays as no holidays will be authorised and penalty fines will be issued. The term dates can be found on the school website.

Have a lovely weekend.
