Dear parents and carers

We are writing to inform you that in line with guidance we are making reasonable adjustments over the next few days during the hot weather.

These include: keeping windows and doors open to let air flow through the building, providing shade and water play for children outside, reducing the time the children are spending outdoors (children can also choose to stay indoors as there are additional spaces open at break times) and water bottles will be available to children at all times of the day outside and on their desks.

We are also encouraging children to come into school wearing loose clothing, hats and sun cream.

As you can appreciate these are unusual weather conditions and we welcome your continued support.

Kind regards

Mrs K. Davies
