

Kensington Community Primary School Newsletter

11th March 2024—15th March 2024

Dear parents and carers,

This week has been science week and we started with two assemblies delivered by Croda, a local company that make toiletries. They came to speak to the children about how they use science in real life in their jobs. Perhaps this will inspire our children to follow their passion for science further. Key Stage 2 children also watched a live science lesson on the BBC website that looked at metamorphosis and change over time. The children enjoyed learning about this and were able to relate it to some prior learning they already had.

Thank you to all the parents who came to our stay and science sessions. We were all so pleased to see so many of you wanting to share in your children's learning. There were many smiles and the experiments were really interesting.

On Wednesday it was Wear Blue for Bobby Day. This is a day where we highlight the importance of road safety in memory of a little boy, Bobby Collieran, who was killed outside a Liverpool school on his way home. It is good that we are able to discuss road safety and think carefully about how to keep all of us safe coming and going from school. It is always so important to take care around school and for parents to ensure that they are being responsible in the way they park their cars when they pick up and drop off their children. I'm sure no one would like anything to happen to any of our children.

We had two football matches against Kingsley Primary School this week and won one and drew the other the children were very excited but made sure that they represented our school in the way that was expected of them. Well done to all those children that took part and were very sporting.

Today Year 2 and Year 6 went to Kensington Library as they were unable to go last week due to unforeseen circumstances at the library. I know that the children enjoyed their trip and spending time reading for pleasure. It is always good to go to the library and as the saying goes - "if you don't use it we could lose it" - so please go to the library as often as you can.

Finally, this week's whole school attendance figure is 93.09%. We managed to maintain our attendance but this week we really hope that there will be a big improvement so we can reach that all important figure of 97%. Remember all children should be in school, on time, every day.

Wishing you a good week,

Mrs. K. Davies
