

Kensington Community Primary School Newsletter

13th May 2024—17th May 2024

Dear parents and carers,

This week we had assemblies focussed on being individuals and recognising your own strength and being happy with who you are. We always encourage the children to identify their talents and to be open to experiencing new things.

On Monday and Wednesday afternoon the children in 2B and 2H had a visit from an archaeologist. They were all very engaged and found his talk very interesting. I know that 2S are looking forward to their session on Monday next week.

On Tuesday Mad Science came into school to do an exciting assembly all about the water cycle, how to keep water clean and how to conserve water. All the children in Years 3, 4 and 5 were able to be in the hall together and it consolidated some of the learning they have done in class. The behaviour was brilliant and the scientists that came in were very impressed with how engaged the children were for the whole time they were in.

On Wednesday after school the girls football played against St Nicholas Primary Academy. The children were all dressed in their new football kit and were very sporting during the game however for the first time in a long time they were narrowly beaten. I'm sure that they will keep being positive and take what they have learned from that match into the next game.

The cricket team continue to take part in the cricket league and Mr Chubbock and Mr Ashley have seen a really big improvement since they started playing. Well done to all the children who are taking part.

Tonight, the boys football team have a match at Admiral Park once again against St Nicholas Primary Academy. We wish them the best of luck and look forward to hearing the result when they get back to school.

This week the Year 6 children have been sitting their SATs. They have all been very sensible and have applied themselves during all the tests. I would like to thank all the additional adults that were used to support the children when they were in test conditions. I know that the children have worked so hard to ensure that they were fully prepared to take the tests and although some of the papers were very challenging, they showed determination and grit to get as much completed as possible in the time they were given. Well done to every single child.

Finally, this week's whole school attendance figure is 95.49%. We managed to improve our attendance a tiny bit this week but I still think we can improve much further I would still love to reach that magic 97% target. Remember all children should be in school, on time, every day.

Mrs. K. Davies
