10th June 2024—17th June 2024

Dear parents and carers,

Last week we were celebrating the start of the Euros 2024. Mr Thomas and Mrs Berry did assemblies that focussed on good sportsmanship and fair play. The children have been part of a draw where they were all allocated a country to learn about and support. Ask your child which country they are doing.

Over the week Year 1 have been taking part in the phonics check. The children have worked very hard on their monster phonics this year and this has helped them to become super readers.

As well as the Year 1 phonics check there has also been the Year 4 multiplication check. The children regularly do TT rockstars as part of their preparation for this check. The children were very sensible and tried hard to remember their number facts as quickly as they could.

RD and RP went to the Blue Planet Aquarium last week and they were all looking forward to the trip following RB's visit the week before. The children were so well behaved but they also learnt so much about the different types of animals that live in the seas and oceans of our world.

Last week it was the final sessions of the museum project for Year 6 and Reception. All the children have contributed to the museum installation and we will let you all know when the completed project is ready to be visited.

The cricket team continued to compete in the mini league and last week they were very pleased that it was played indoors due to the very changeable weather. The team continues to improve but taking on a new sport needs time to get better.

Last week's whole school attendance figure is 95.85%. This continues to show a great improvement on the week before's attendance and I am sure that we will eventually reach that magic 97% target. Remember all children should be in school, on time, every day.

I hope you all have a lovely weekend. See you all on Monday!
